Note: Some of the words/phrases may need explanation.

3. “What is Bullying?” Continuum Activity

- Mark out a continuum line on classroom floor.
- Display ‘agree’ at one end and ‘disagree’ at the other. You can use the resource 3a with this activity.
- Read out each of the ‘What is bullying?’ statements on sheet 3b. Ask pupils to respond by standing at a place on the continuum line.

4. Bullying: The Role of the Bystander (PowerPoint Activities)

Use the PowerPoint Presentation. (Resource 4)
Slide 2 - Ask pupils to work in pairs and discuss the question on slide 2, ‘What is bullying’. Feed back comments to whole class.
Slide 4 - Class activity - ask pupils to give examples of each of the different forms of bullying. Next find out what pupils think a bystander is, ensure pupils understand the terms on slide 6.
Slide 7 - In pairs, ask pupils if they would support the bullied person by finishing the sentence starters on slide 8. Feedback responses from pairs to the whole class
Slide 9 - Pupils consider what they would do if they saw someone being bullied. Using the ‘Bullying: the Role of the Bystander ranking activity sheet’, (activity 4 Ranking sheet), cut up the statements and ask pupils to order them from most likely to least likely response.
Slide 10 Prepare a rough plan of your school, and photocopy enough for pairs/groups. Ask pupils to identify on the sheet areas where bullying may occur. Next, feedback the pupils' responses to the class.
Responses from this activity could be presented for consideration in a school council meeting.
Slide 11 - as a plenary, provides interesting facts to discuss in support of peer intervention in incidents of bullying.
