

# TRICKED AND TRAPPED

## Activity 2 – A Good Friend

In the Tricked and Trapped film, we met Sophie, who befriended our girl.

At first she was a good friend, but was she possibly too good to be true?

*'She was different, she had an older boyfriend Dean, his mates used to hang with us, chat to us like we were one of them....not like little kids....'*

1. What were the warning signs that Sophie wasn't *really* her friend?

2. In your opinion, what qualities does a good friend have?
