

Front Page Activity

Resources:

- Research a selection of actual examples from the media e.g. newspapers, websites, TV, adverts, pop-ups etc.
- Use either the computer or paper template to write your article

Pupil Task:

Create a front page article reporting a young person's misuse of IPEDs and the negative effects it caused e.g. tanning, steroids etc. This can include the health, social and legal consequences.

Think about:

- Headline, print size, layout etc.
- Photo images.
- The story: what happened - before, during and after?
- What does the IPEDs user say? Could include a quote.
- What do others say: family, friends, doctors, social workers? Could include further quotes.
- Summary statement /advice line.

End with positive message for a young person from main messages.
